TREES—THE ROOTS OF LIFE

A portion of every COTTBIRS sale goes to tree planting programs worldwide. A single tree doesn't change the world overnight, but little by little, our community and we are making the earth a greener place.

But the quest for more sustainability does not end there for us. We always act in an innovative, open-minded, sustainable, and fair way. In production, with the materials for our articles, external & internal sales processes, but also as an employer and as part of society.

Transparency in our community is vital to us.
